Alonna,

I am still available. How about 3 PM on Thursday or Friday. Thanks.

Chuan

Chuan,

Janet Hamilton would like to know your availability for an interview early next week for this EMC Refresh position  
Can you let me know when you would be available to speak with her? Also what Tel# she can call you on?

Yes, I am interested the position. And I have extensive experience required, both EMC and HP/HDS. Thanks, Donna.

To: Festa, Donna  
Subject: RE: Remote position for IBM

Hi Donna,

I worked for Sandra Blackwell, IBM Global Services before, and contract ended two months ago. My last 4 digit SS is 4616.

I can start right away. I am a US citizen. My last rate with IBM is \$65 per hour (W2).

I have performed storage and UNIX admin and capacity planning (7+ years) for several employers, including EMC, Verispan, Verizon Wireless, and Sun Microsystems. In recent years, I extensively worked on storage admin and capacity planning.

I have very strong background on EMC products (7+ year). I have over 10 years experience on UNIX. At EMC, I have extensively exposed to VMware ESX (2 years) storage management. Due to ESX server virtualization and ESX storage sharing, ESX storage management is different

from for UNIX and Windows.

I have worked EMC NAS product, Celerra (3 years). For Veritas products, I have experience on followings:

NetBackup, Enterprise class backup/recovery software (5+ years);  
Storage Foundation for Networks, SAN-based storage virtualization  
software, similar to IBM SVC, running on Cisco MDS SAN switch (1 yr);  
Veritas Cluster Server (VCS) , server clustering software (5+ yr);  
Volume Manager (VxVM), host-based storage management (10 yr);  
Veritas Dynamic Multipathing (DMP), Redundant I/O path software (7+ yr).

Chuan

Thanks for getting back to me, Chaun, please let me know the following:

When would you be available to start?

What is your hourly rate?

Are you a US Citizen, Green Card Holder, H1B or TN Visa?

Have you ever worked for IBM before? (If so, I will need the last 4 digits of your SS# and where you worked) Also where and your last manager?

Please let me know how many years of experience you have with each of these:

Midrange storage capacity planner?

Storage Administration?

Veritas?

EMC?

Clariion?

DMX?

VMWare?

UNIX?

NAS?

Hi Donna,

The attached is my updated resume for applying the position. Since 2009, I had two US patents granted by US Patent & Trademark Office and further improvement. Those two patents are relevant to IBM technologies and skills sought, including computer system recovery and SAN. I have extensive experience with IBM SAN and computer technologies.

I am a US citizen and able to start rightway. I also attached copy of my US passport for your reference.

As indicated in my resume, I worked for IBM from my home remotely before. My last IBM manager whom I worked with is Sandra Blackwell at a W2 pay rate of \$65 per hour . I am flexible for pay rate. My last 4 digit of SS# is 4616.

Regards,

Chuan

**RE: Work From Home SAN**

Monday, May 4, 2009 12:11 PM

**From:** "Chuan Wang" <chuanwang@yahoo.com>**To:** "AlonnaFerris" <Alonna.Ferris@cdicorp.com>

Alonna,

Could you submit my resume to IBM for \$65/hour as I earned before for similar IBM work? Thanks.

Chuan
